- **Adjustable in height**

Simple and absolutely stylish! Whether a simple, straightforward interior style or something more playful the luminaires of the PURE series provide simple decorative accents to add a touch of elegance to any look. The simple style is absolutely contemporary and can be combined with both striking and discreet elements. The swivelling elements of the six-flame pendant luminaire can be individually aligned. Thus, the luminaire is perfect to illuminate the dining table and to underline the own living style. The purist-minimalist design of the PURE is a mix of noble metal optics in anthracite combined with smoke-coloured glass. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment. ☒ ☒

Material construction

Metal · Anthracite
Glass · Smoke
