

Pendant

CROSS – 306700602

excl. 6x E27 · max. 28W

- **Sleuable**
- **IP20**
- **Lamp(s) not included**
- **Adjustable in height**

Unconventional, creative and design-orientated. Minimalist luminaires such as those in the CROSS range set exciting accents and put rooms in the right light. The choice of colours and shapes creates contrasts - cleverly combined, they create a cosy component and a stylish ambience. The light is a tasteful addition to almost any interior and, with an individual suspension length of max. 150 cm and a diameter of 54 cm, can be ideally positioned above the dining table or in the entrance area. The black colour of the metal luminaire is both classic and contemporary. Combined with the exposed light sources, the luminaire follows the modern trend of industrial urban style, which is particularly popular in large cities. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

Material construction

Metal · Black

Product dimensions

Height: 150cm
