FILO creates stylish and decorative accents. The combination of the materials glass and metal is noble and absolutely trendy. Thanks to two lampshades each, a particularly soft, atmospheric light is created. The lamp in black matt with the white glass shade is timeless and modern at the same time, so that it finds a place in many interior styles. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
