excl. 1x E27 · max. 40W

- **Ceiling mounting**
- **IP20**
- **Lamp(s) not included**
- **Adjustable in height**

The characteristic luminaires of the LORENA series add elegance and individual charm to your home. Unilluminated, the glass shade of the pendant light catches the eye directly due to its graceful shape. When illuminated, the otherwise mirrored glass becomes transparent and creates special accents through light reflections that exude cosiness and tranquillity. The material mix of black matt metal and glass in chrome makes the lamp unique and gives the room a warm and mysterious atmosphere. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

Material construction

Metal · Black mat
Glass · Chrome plated
