- **Footswitch**
- **Integrated dimmer**
- **IP20**

Simple form and clear lines - the perfect choice not just for minimalists! The BANGKOK floor lamp inspires with its modern and simple design, which is particularly impressive due to its elegantly curved shape. In addition, the light has an integrated dimmer so that the brightness of the light can be individually adjusted via the foot switch. The simple colour design in matt black, in combination with the black marble base, imparts a modern appearance and also allows easy integration with existing interiors. The lamp also features a modern LED technology, which is characterised by excellent lighting quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and are environmentally friendly.
