RGB LED FLOODLIGHTS

OLLO floodlights come with a remote control, allowing you to easily change colors from a variety of shades or customize lighting scenarios for any mood or event. Whether it's a romantic evening, an outdoor party, or festive illumination, OLLO helps you focus on the most important details. The floodlights have an IP66 protection class, ensuring complete protection from dust and powerful jets of water, making them reliable in any weather conditions, including rain, snow, or heat. The Sensor Ready system makes light control even more intelligent by allowing you to connect additional sensors to automate the switching on or adjustment of lighting based on movement, time of day, or other parameters. With OLLO, you don't just light up the space, you create comfort and coziness intelligently.
