The WILL pendant light in an industrial look impresses with its sturdy design and attractive appearance. Whether with a normal LED bulb or a filament bulb, this pendant light is an ideal lighting solution for the kitchen or dining area. The model in matt nickel is timeless and complements both classic and modern furnishing concepts. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
