Decorative, modern and very trendy! The combination of sisal and metal is guaranteed to create a cosy atmosphere in your home and an individual charm that invites you to linger. Placed centrally above the table in the living or dining area, the extraordinary 6-bulb ALVA pendant light is particularly effective and makes for a great eye-catcher. The design in black matt, in combination with the brown natural material sisal, blends easily into modern furnishing styles, and is also an eye-catching visual highlight. The use of an LED light source is recommended for energy-saving lighting. These are an excellent alternative to conventional halogen lamps and represent a high quality of light together with energy savings of up to 80%. With LED lighting, you also benefit from a long service life and low heat generation, while at the same time protecting the environment.
