The CAMILLUS ceiling light can set the perfect scene in your living area, as the luminaire impresses with a mix of modernity and straight lines. The timeless look and flat design open up numerous application and design options. In addition to placement in the hallway or living room, the CAMILLUS is also ideal for installation in the bathroom thanks to its IP44 protection rating. The integrated SWITCH dimmer can also be used to select three different brightness levels using a conventional light switch. By graduating the light intensity from 100% to 50% and 25%, the luminaire can be adapted to different requirements. The light has a width and depth of 30 cm and a height of just 3 cm. Thanks to the classic colour design in matt black and the white acrylic, the light can be combined with many furnishing styles. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
